

## Lantana Awarded General Services Administration Multiple Award Schedule

**East Thetford, VT (December 7, 2020)** – The General Services Administration (GSA) awarded Lantana Consulting Group a Multiple Award Schedule with Special Item Number (SIN) 54151HEAL – the consolidated solicitation SIN for Health Information Technology Services. Lantana is a small, woman-owned technology consultancy specializing in the provision of information to public health, regulators, payers, and providers via standards-based solutions. The 15-year-old company has broad services that encompass clinical informatics, analytics, and software design and development and a strong reputation for innovation.

“Lantana is pleased to offer its Federal and State clients alternative contract mechanisms,” says Mike Tushan, Director of Business Development, “We look forward to expanding how we help our clients strategically leverage their health information for policy and decision-making.”

The Health Information Technology Services SIN allows federal customers to purchase professional services and labor that improve the quality of healthcare, prevent medical errors, protect data, increase administrative efficiencies, and decrease paperwork.

Lantana is committed to excellence and creating innovative and flexible solutions for Federal clients through work acquired on this multiple award schedule.

### About Lantana

Lantana Consulting Group is a leader in health data quality and integration, which increases access to health information across the spectrum of care delivery and management.
